Mission of Advantage After School Program

Advantage After School Programs (AASP) offer a broad range of educational, recreational, cultural, and age-appropriate activities in a safe environment. AASP integrates what happens in the school day with less formal learning experiences and encourages the active participation of children, youth and families in the design and delivery of program activities. The AASP was created to help provide New York State's children with educational, interesting and fun activities to fill the vital three-hour gap directly after school.

AASP provides quality youth development opportunities to school-age children in grades 4-8 for three hours a day (2:45 - 5:45 pm), directly at the Harrisville Central School. Programs operate five-days-a-week during the regular school year (Closed: School Holidays, Breaks, and Snow Days).

The program is supported through a partnership with Harrisville Central School District, Lewis County Sheriff's Department, Planned Parenthood of Northern New York, and the Harrisville Free Library. These same groups provide support, education, and staffing to the enrolled children.
